Cylinder Head Exchange
2881 West Prospect Rd
Ft. Lauderdale, Florida

Frank,

I received the cylinder head today as you stated I should, arrived right on time. I wanted to let you know how much I appreciate the fine service that I received from you. When I first called I had no idea how much effort you would put forth to try to accomodate me and my needs. When I first called you did not have a cylinder head in stock but you looked hard for one. even had me email pictures of the cylinder head I needed. Man, you don't find people like you often. I was so impressed with the way you handled this transaction. The cylinder head looks great. I am very impressed with the workmanship and overall repair of the head, especially when the head had such extensive damage as this one did. You have made me a customer. Any future cylinder head needs that may arise you will definitely hear from me. I had found a used head for \$175.00, but chose to have you repair my head instead, mainly because of how hard you worked to help me.

Thanks again,
